

ERGO

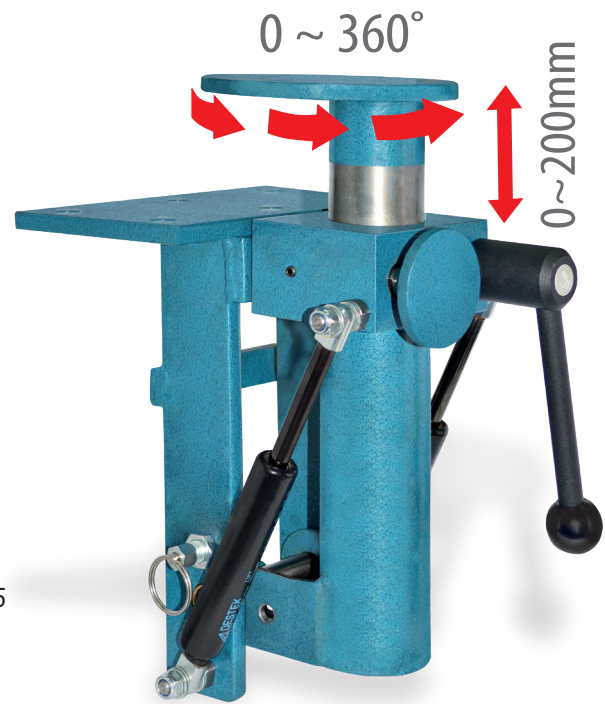

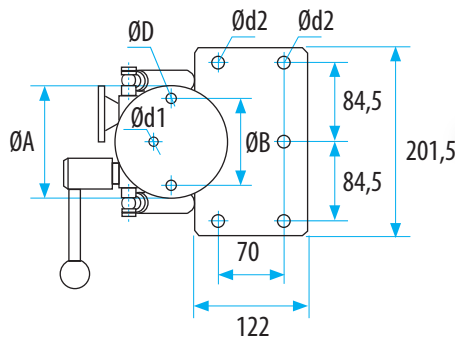

LIFT/MOBIL

Lifting and Fold-Away Device / Primo

Perfect quality for workshops and plants.

ERGO 3 in 1 has everything you need for your workbench: folding, lifting, rotating. When not in use, the vice is folded under the workbench. Height and position adjustment available depending on the type of application.

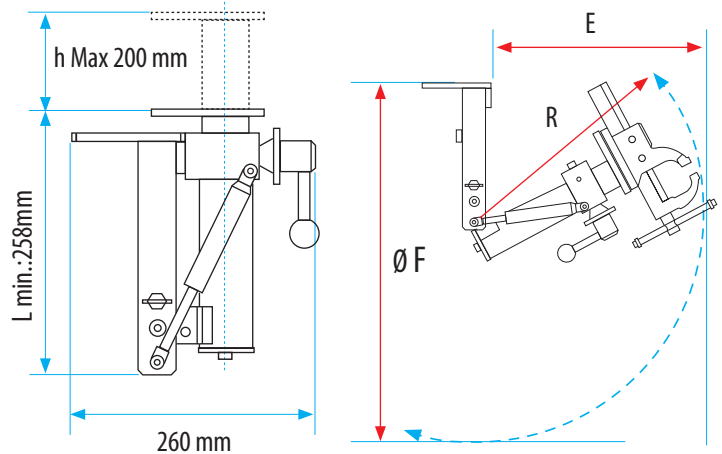

Making working easier and comfortable especially for **schools and training centers.**

ERGO Lift Mobil / Primo

Code	Size (mm)	A (mm)	B (mm)	Ø D (mm)	L min. (mm)	Ø F (mm)	E (mm)	kg
66001155100	100	120	92	M 10	258	596	361	13.8
66001155120	120	145	113	M 12	258	630	395	14.0

* Dimensions B, D

After loosening the left safety clamping lever the vice can be easily adjusted into the desired working position.

At non usage the vice can be lowered by the right safety clamping lever under the workbench.

Effortlessly the vice is then shifted under the workbench.

In a few seconds the bench top gets free in full size for other works.
